Board of Directors (BoD)

Principles Underlying the Voting Procedure for Members of the Board of Directors and their Terms of Office

The members of the Board of Directors of Vetropack Holding Ltd are each elected by the Annual General Assembly of shareholders (AGA) on an annual basis. Re-election is permitted. Each year, the AGA elects the Chairman of the Board of Directors and the individual members of the Nomination and Compensation Committee (NCC), who must be members of the Board of Directors, as well as the independent proxy. Their term of office shall end upon the conclusion of the next AGA. The BoD appoints the Chairman of the NCC.

BoD Duties

The BoD performs its duties as laid out in the Swiss Code of Obligations (CO) Art. 716 a.

The BoD Chairman has the following additional main duties:

- Preparing and drawing up the invitations to the AGA jointly with the CEO.
- Drawing up the agenda for BoD meetings, and issuing invitations and relevant documentation jointly with the CEO.
- Chairing the AGA and the BoD meetings.
- Monitoring the implementation of resolutions passed by the AGA and the BoD.
- In urgent cases, the BoD Chairman can conclude transactions that fall within the competence of the BoD by executive decision. Any such actions are communicated in writing without delay to the BoD.

Respective Areas of Responsibility for the BoD and Management Board (MB)

The duties that are not reserved for the BoD in accordance with Art. 716 a CO are delegated to the MB. This means that the MB can act freely within the guidelines laid down by the BoD, but it is also fully responsible for the operational management of the Group.

Working Methods

In 2018, the BoD exercised its overall supervisory and monitoring role by receiving oral and written reports from the MB at five regular annual meetings, by consulting amongst its members, and by reaching decisions in relation to any motions raised. Ordinary BoD meetings normally last at least four hours. The head auditor was invited to the March meeting to disclose the results of the external audit. Moreover, a two-day strategy meeting was held in August. During the November meeting, the results of the 2018 internal audit were discussed and focal areas were defined for the 2019 internal audit. The BoD Chairman, the CEO and the CFO met regularly to prepare for BoD meetings. They discussed operational topics, preparations for ordinary BoD meetings, as well as reports from internal audit. The BoD is regularly informed regarding the Group's commercial state of affairs and planning via written Monthly, Semi-Annual and Annual Reports, and receives a planning dossier at both company and Group levels (three year plan). The Nomination and Compensation Committee (NCC) is responsible for checking the BoD and extended MB remuneration scheme. The working methods of the NCC are set out on page 79 of the Remuneration Report. With the exception of the NCC, the BoD forms no committees.

In his role as executive chairman, the BoD chairman sits on the supervisory bodies of all operating companies and participates in the steering committees of projects and initiatives of strategic importance. He also takes part in the annual management development reviews to discuss appraisals, continuing professional development and succession planning for management team members at all companies. He held 18 meetings with the CEO in 2018 to monitor the management of business operations, discuss market trends and implement BoD resolutions.

Risk Assessment

Vetropack Holding Ltd utilises a risk management system that enables the identification, early recognition, and analysis of risks in order for the company to take appropriate action. The system's scope includes strategic, operational, financial, and compliance risks. It covers not only Vetropack Holding Ltd's risks, but also the key risks of its subsidiaries. All systematically identified risks are listed according to rank. This risk ranking system is formulated from a risk probability matrix. Management is actively involved in checking annually the matrix and in keeping it up to date. During the year under review, the Board of Directors dealt with the topic of risk assessment in its August meeting.
